## MESSAGE

I am happy to know that RVG Educational Foundation is celebrating 2017 as its Diamond Jubilee year.

It is noteworthy that in its land mark journey of 50 years, RVG Educational Foundation has grown as an Institution of excellence for students who primarily hail from Rajasthan and come to Mumbai to pursue their studies of Chartered Accountancy. The Institute plays a significant role in providing all facilities to the students to fulfil their dreams.

It is praiseworthy that in last 60 years, the institution has produced more than 7800 Chartered Accountants who are successfully contributing their mite in national scenario.

On this momentous occasion, I congratulate RVG Educational Foundation and hope that it will effectively maintain its standards in future also.

I wish the institution all success.
